

**Response**

Claims 1-60 are pending. Claims 1, 24, 30 and 60 are amended. The Examiner, in his Detailed Action dated June 3, 2005, rejected claims 1-60 under 35 U.S.C. § 103(a) based upon the references in paragraphs 5-6 and 11-12 of the Application, referred to by the Examiner as Applicant's Admitted Prior Art ("AAPA"), Shuping et. al., Yagishita et. al., Taha et. al., and/or Nakayama et. al.

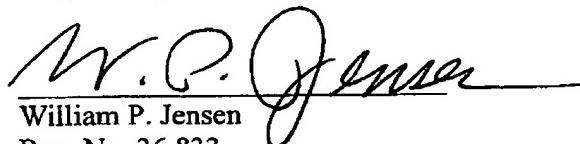

On September 8, 2005, Applicant's undersigned representative personally met with the Examiner to discuss independent claims 1, 24, 30, 37, 50, 56, 60 and the references in paragraphs 5-6 and 11-12 of the Application relied upon by the Examiner. Based upon the discussion of independent claim 1 and the references relied on by the Examiner, it was agreed that the proposed amendments to independent claims 1, 24, 30 and 60 would overcome the applied references. No new matter has been added by these amendments. Independent claims 37, 50 and 56 are directed to systems that already include limitations requiring a "server graphics accelerator configured to produce a scaled-down image...."

Based upon the interview with the Examiner, the proposed amendments and remaining independent claims patentably distinguish the applied references, which do not disclose a server graphics accelerator capable of performing the claimed operations. Applicant therefore, respectfully submits that pending claims 1-60 are patentably distinguished from the applied references and respectfully requests reconsideration and allowance of such claims.

In accordance with the provisions of 37 C.F.R. § 1.136(a), it is respectfully requested that the time for responding to the Office Action dated June 3, 2005, be extended for one (1) month from September 3, 2005, making the response due October 3, 2005. The Commissioner is hereby authorized to charge a one-month extension fee (\$120.00), and any

other amount required, or credit any overpayment, to Account No. 50-3385. A duplicate copy of this authorization is enclosed.

Respectfully submitted,
